RE: Housing for Adults with Developmental Disabilities

District of Tofino Council resolved to send a letter regarding the funding cuts for housing at the October 25, 2011 regular meeting. We respectfully request that the province put a halt on further funding cuts which have impacted adults with disabilities and their families across British Columbia.

Children and youth with special needs, adults with developmental disabilities, and their families deserve to lead quality lives in BC communities. An immediate financial investment in community living supports and services will increase personal economic security, enhance quality of life, and meet basic needs so all families and individuals can exercise their right to full citizenship in their communities.

It is our hope that the provincial government will put an end to funding cuts and place a moratorium on the closure of group homes.

Yours Respectfully,

DISTRICT OF TOFINO

John Fraser
Mayor
