Dear Premier Clark and Minister Cadieux,

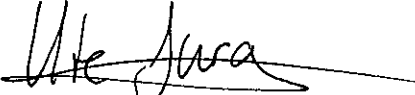

Re: BC's Community Living Sector

Please be advised that the Council of the Village of Canal Flats received a letter from the BC Community Living Action Group requesting municipal councils to bring forward a resolution to you to urge the provincial government to take decisive action to end BC's community living crisis.

At the Council meeting held on January 23, 2012, council fully supported their efforts endorsing their (BC – CLAG) campaign urging the provincial government to take decisive action to end BC's community living crisis.

I trust that our actions, together with the many other municipalities, will generate the required interest in this matter for the provincial government to apply sufficient funding to assist the youth, adults and families struggling to cope without services and support of the provincial government.

Yours truly,

  
Mayor Ute Juras
